

Kentucky Perinatal Quality Collaborative

KyPQC BULLETIN

The KyPQC Central Office and Workgroup Leads are Visiting Pilot Hospitals for the Onboarding of KyPQC First Initiatives!

Reducing Inequities

The CDC is partnering with the National Birth Equity Collaborative (NBEC) to explore how Maternal Mortality Review Committees (MMRCs), PQC's, and community-based organizations work together to reduce inequities in maternal mortality. Kentucky has been selected to participate in interviews on this subject. Click below to learn about the NBEC.

SBIRT Training Resources

The Providers Clinical Support System (PCSS) offers free CME trainings for healthcare providers who are treating patients with substance use disorder. These trainings are focused on reducing stigma, motivational interviewing, and screening, brief intervention, and referral to treatment (SBIRT). To view PCSS training modules, click the box below.
