Meeting, Scheduled for
OCTOBER 19-20

K-PACT Training

The Kentucky Perinatal Action for Concurrent Tobacco Treatment (K-PACT) offers a FREE comprehensive tobacco treatment training series for providers caring for pregnant women. This program is self-paced and offers 4.0 continuing education (CE) credits. Click below to access this and other training resources from KyPQC partners.

KyPQC Next Steps

- We are excited to share reports from the First Initiatives pilot program at the KyPQC Annual Meeting.
- The KyPQC held the first Maternal Mortality Review (MMR) Task Force meeting, chaired by Dr. John O’Brien. The MMR Task Force will meet quarterly to discuss opportunities to implement recommendations from the legislated Maternal Mortality Review Committee (MMRC). Please contact Monica Clouse at mclouse@ky.gov if you are interested in serving.
