## KyPQC Next Steps

- **June is Cytomegalovirus (CMV) Awareness Month.** A survey collecting data on CMV management will be distributed by the Office for Children with Special Health Care Needs to Kentucky birthing hospitals in the coming weeks.
- The KyPQC First Initiatives Pilot Program now includes **15** birthing hospitals responsible for **more than half of all Kentucky births!**
- Click [here](#) to volunteer for the KyPQC Annual Meeting Planning Committee.
